

MOHIT BHARGAV

Guna (M.P) | mohitbhargava2003@gmail.com | +91 7000020693 | yourwebsite.com | [Linkedin](#) | [Github](#)

OBJECTIVE

To leverage my expertise in front-end technologies, including HTML, CSS, JavaScript, and modern frameworks, to create intuitive, responsive, and user-focused web applications. Seeking a challenging role where I can contribute to enhancing user experiences while continuously advancing my skills in cutting-edge technologies and design practices.

EDUCATION

B.Tech CSE, Jaypee University of Engineering and Technology, Guna (M,P) 2022 – 2026

- GPA: 7.7/10.0

Class 12th (CBSE) and Class 10th (CBSE), Sri Satya Sai Vidya Vihar, GAIL Vijaipur, Guna (M,P) 2020 – 2022

- Class 12th Percentage: 91.4/100.0, Class 10th Percentage: 87.6/100.0

EXPERIENCE

Web Developer Intern, GAIL(India) Limited – Vjaipur,M.P June 2024

- Made a responsive website using HTML, CSS, JS as my project.
- The website has different pages like home, contact us, details etc.

PROJECTS

SMS Spam Detection Website [Link](#)

- Developed an SMS Spam Detection system using Machine Learning to classify messages as spam or legitimate. Built and trained the model in Python using libraries like Scikit-learn and deployed the system through a user-friendly web interface.
- It detects spam and ham messages with an efficiency of 98.6 percent.
- Tools and IDE Used: HTML, CSS, PyCharm, Jupyter Notebook.

Technologies

Languages: C++ , C, HTML, CSS, Objective-C, SQL, JavaScript
